

CAMPUS EXPERIENCE 08

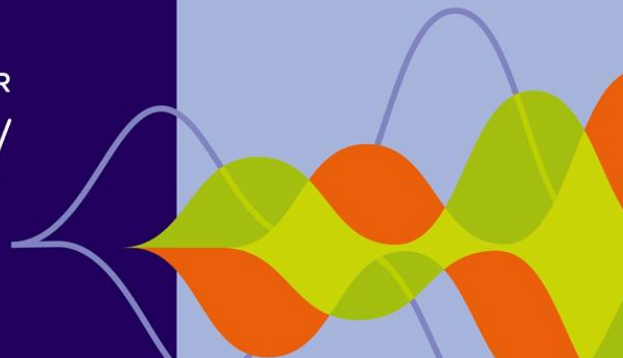

08 – University of Strathclyde: The place for useful learning

You are warmly invited to visit Scotland's 'place of useful learning,' the University of Strathclyde. During your visit, we will demonstrate what makes the University of Strathclyde distinctive and how we prepare our students for a fast-changing, competitive environment beyond their studies. You will discover our world-leading Faculties of Engineering, Science, Business and Humanities & Social Sciences and meet with senior leaders across the institution to discuss how we can develop and strengthen collaborative activities. The tour will include a visit to the National Manufacturing Institute Scotland (NMIS) to directly experience Strathclyde's approach to innovation and our close ties with business and industry. You will see how this unique facility allows Strathclyde to play a leading role in linking skills and industry to drive innovation and economic growth.

About the institutions

Founded in 1796 as 'the place of useful learning,' the University of Strathclyde is Scotland's leading international technological university. Located in the heart of Glasgow, one of the UK's largest and most dynamic cities, our campus is home to 23,000 students from over 140 different countries around the world. Our emphasis on innovation and applied learning is emphasised by our position as the academic anchor of both the Glasgow City Innovation District and the National Manufacturing Institute for Scotland (NMIS). The University of Strathclyde has been named UK University of the Year 2026 (by the Times Good University Guide) and is the fastest rising University in the QS World Rankings.
