

2016 ANNUAL REPORT

EAIE

MESSAGE FROM THE EAIE BOARD

Thanks to the dedication of our members and the wider EAIE community, 2016 was a year of **growth, inspiration and forward thinking**.

EAIE membership persistently increases 5-10% each year and at the close of 2016 consisted of over 3000 international higher education professionals committed to fostering mutual understanding. With 2016 being an election year, we said goodbye to the 2014-2016 leadership and welcomed a new group of volunteer leaders to guide the Association into the future. This newly elected group will steer the implementation of the recently launched 2016-2020 strategy, an ambitious plan containing four clear goals that contribute to responsible international higher education and the EAIE's role in shaping this agenda.

Our community continued to grow in 2016, sharing ideas and best practices and learning from one another. The EAIE Academies in Bucharest and Tenerife provided participants with 21 courses through which they received the skills and training they needed to develop in their careers. We have great ambitions to develop our online learning activities and offer more content to a larger audience. In 2016 we took steps to boost this development by making our webinars free of charge.

Sustaining rich and vibrant conversations about the most important issues in our field is the key to inspiring innovation and development. In addition to stimulating dialogue through the EAIE blog, our *Conference Conversation Starter* series and thematic issues of *Forum* magazine, we launched a brand new resource, *Pathways to Practice*. This e-publication series offers practical and easily implementable ideas for international educators on various topics. We also organised a Spotlight Seminar to address the refugee crisis in Europe, bringing higher education practitioners together to discuss innovative and inclusive ways of integrating refugees into their institutions.

The 28th Annual EAIE Conference and Exhibition in Liverpool, UK was particularly inspiring, attracting more than 5200 higher education professionals from 85 countries. During the course of four days, participants attended a wide range of sessions, workshops and plenaries where we imagined solutions to some of the key issues affecting our field today including the refugee crisis, Brexit and possibilities offered by technology. We also honoured the 2016 EAIE Award winners, an inspiring group whose commitment to fostering international partnership and exchange shone brightly in the last year.

It's because of the incredible individuals in our community that we're able to accomplish all that we do. It's because of the desire to grow together and inspire each other that we're able to drive responsible international higher education. Thank you for being part of our community in 2016.
