

CAMPUS EXPERIENCE 03

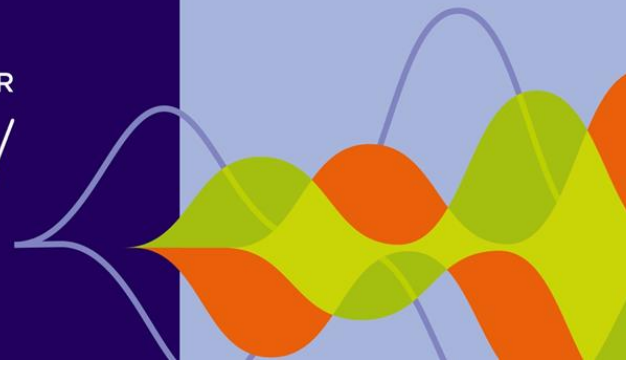

03 – Heriot-Watt University: Shaping the future in Scotland, Dubai and Malaysia

Heriot-Watt University is delighted to welcome you to our beautiful Edinburgh campus for an exciting and informative campus experience day. You'll meet with representatives from our international recruitment, study abroad, exchange and admissions team, as well as academic staff who are keen to show off our top-tier facilities and highlight our exceptional academic programmes.

About the institution

Heriot-Watt is a specialist university in Edinburgh with a global presence. We create world-renowned, innovative research and highly employable graduates. With campuses in Scotland, Dubai and Malaysia, and a particular focus on innovation in engineering, business, design, science and technology, our programmes are shaped by industry and designed to support your journey to success and make a real impact on the world. Our Edinburgh campus is set in 380 acres of beautiful parkland and features world-class facilities, including our renowned Robotarium research centre and Oriam sporting complex. Our degrees are academically excellent and career-focused, preparing our graduates for the future, with 84.2% in full-time employment or further study 15 months after graduation. Since 1821, our pioneering research and education have made a positive impact on the global stage. We continue to push new frontiers in the fields of science, technology, engineering, business and design.
