

CAMPUS EXPERIENCE 06

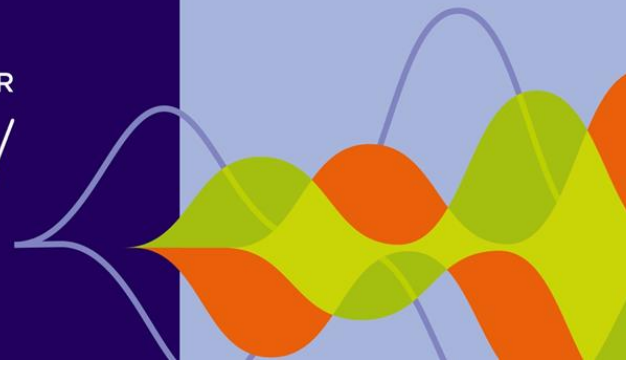

06 – University of St. Andrews: Scotland's first university

This Campus Experience invites you to immerse yourself in the distinctive character of St Andrews — a historic coastal town where academic traditions, world-leading research and innovation intersect. The day begins with networking time and refreshments in Parliament Hall, offering the chance to connect with colleagues from the Global Office and fellow visitors. A presentation then introduces the University's rich history, strategic priorities and commitment to social responsibility.

This is followed by a student-led tour, with guides sharing insights into St Andrews' traditions, student societies and vibrant campus life. Lunch provides further opportunities to engage with staff and fellow participants, followed by breakout sessions exploring student mobility, student support and new institutional initiatives. The visit concludes with a cultural moment in the iconic St Salvator's Quad.

About the institutions

Founded in 1413, the University of St Andrews is Scotland's first university and one of the oldest in the English-speaking world. Renowned for exceptional teaching, high student satisfaction and interdisciplinary research, the University offers a flexible degree structure across four faculties: Arts, Divinity, Medicine and Science. It is home to around 10,300 students from more than 120 countries, making it Scotland's most international university. St Andrews is also recognised for its research and innovation across disciplines. Set in a welcoming coastal town, the University combines historic traditions, a distinctive student experience and world-leading research.
