

01A Campus Experience: Erasmus University Rotterdam: Societal Impact

The Erasmus University Rotterdam (EUR): Societal Impact Campus Experience will celebrate the world of international education by inviting participants to their vibrant main campus in Rotterdam. Experience the campus, taste the flavours of Rotterdam, and get inspired during various workshops. There will be ample time to catch up with colleagues from around the globe, and to network with both each other and EUR international office staff.

The morning programme kicks off with a mini festival where participants will experience student life at EUR. They will explore the favourite hotspots of students, chat with international students about their experience and get familiar with the student services beyond research and education.

After lunch, participants can join a range of inspirational workshops based on three themes: 'societal impact', 'employability', and 'wellbeing in an inclusive and diverse community', which will be hosted in one of the EUR buildings throughout the city. The Campus Experience will conclude with a drink at the end of the day.

This Campus Experience group will go to Erasmus University College in the afternoon for the 'Societal Impact' theme.

About the institution

The mission of Erasmus University Rotterdam is to create a positive societal impact. We strive to understand contemporary, complex societal challenges and to contribute to their solution through our education and research. We do this in close collaboration with our external partners both locally and globally.

EAIE | ROTTERDAM

26-29 SEPTEMBER

With over 130 nationalities represented amongst our students, staff and academics Erasmus University Rotterdam is the most culturally diverse university in the Netherlands. This diversity greatly contributes to the development of skills and abilities to operate effectively in intercultural environments and to develop viewpoints that go beyond local or national ways of thinking.
